Report of Principal and School Improvement Council

Loris High School continues to position itself as a high school known for its innovative ideas and strategies and continued Academic Improvements and achievements. After studying data from previous years, Loris High School initiated its first ever "Breakfast In The Classroom" program. Data immediately demonstrated that the student participation rate rose from approximately 15% to approximately 93%. We believe good nutrition is essential and will translate into even higher academic success.

During the 2009-10 school year, Loris High School realized impressive positive growth in the End of Course Testing Program. There was a tremendous rise in test scores in English 1 and US History. We also implemented our first Virtual Learning Lab into the schedule and there were approximately 75 on line course registrations. We witnessed some of our students taking courses such as Japanese and Game Design. We believe this program will continue to grow and become a viable part of our course offerings at Loris High School. In order to further involve our Community in our school, Loris High School held regular Community Days where various service groups were invited into our school for a luncheon and a group discussion.

Our AJROTC unit received the highest evaluation in South Carolina as it was recognized as an Honor Unit With Distinction with a score of 98.2%. Along with AJROTC, the Renaissance Program was created and implemented to reward and promote positive student behavior. Student names were drawn each week and prizes were awarded to the winners. Loris High School also enjoyed a State Championship in wrestling during the 2009-2010 school year. Working closely with the Faculty Leadership Team, the Administration developed the first ever "Athletic Academic Progress Committee". This committee was charged with the responsibility of closely monitoring the grades of all athletes and implementing various interventions in an attempt to raise academic success within our Athletic Department.
